**Summary of Legislation:** This bill provides compensation for directors of conservancy districts commensurate with their workload and responsibilities. It provides that compensation may not be based upon a tax assessment imposed by the district.

**Effective Date:** July 1, 2012.

**Explanation of State Expenditures:**

**Explanation of State Revenues:**

**Explanation of Local Expenditures:** *Conservancy District Director Compensation:* This bill could increase expenditures for conservancy districts by allowing for compensation for the directors above the amount currently allowed by statute. Any increases in compensation may not be based upon an increase of any tax, assessment, rates, or charges by the district, and would be subject to approval by a majority vote of the board of directors and authorized by a court order. The fiscal impact would be dependent upon actions taken by the boards of directors of conservancy districts.

**Background Information** - Current statute allows compensation for conservancy district directors consisting of the following: (1) up to \$100 for no more than two regular or specially called board meetings per month; (2) \$50 for no more than five days per month devoted to the work of the district; (3) actual expenses, including traveling expense at a rate equal to the rate paid to state officers and employees.
